

New transition brackets developed by Freedman Seating Company make it possible to install Freedman 3-point and FMS Eleganza seats onto existing Ford™ legs in a variety of floor plan configurations.

FMVSS tested with 3-point seat belts, this new system allows operators, dealers and OEMs to upgrade their Ford™ Transit Wagon interior while using existing OEM legs and floor tracks.

This product is currently available for Ford™ Transit Wagons. Medium and High roof models only.

FREEDMAN SEATS + FORD™ LEGS

Contact us or find a verified dealer.
